

# RESEARCH TRANSLATION WORKSHOP

Presented by the SA Regional Hub of the NHMRC  
HEAL Project (Healthy Environments and Lives)  
and UniSA

19 SEPTEMBER 2022 - IN PERSON OR VIA ZOOM

## WHO SHOULD ATTEND?

Early career researchers and research degree students looking to develop research translation skills

## WHEN

Monday 19/SEP/2022, 930-12 (ACST)

## WHERE

Level 8, Bradley Building, UniSA City West Campus, North Tce, Adelaide  
or on Zoom: click [HERE](#) (password 831145)

## COST

Free

## REGISTRATION (only required for face to face)

UniSA students: email [CHS-Research@unisa.edu.au](mailto:CHS-Research@unisa.edu.au)  
all others: via [Eventbrite](#)

## PROGRAM

Activities for less experienced scholars to consider how research translation may work. Participants will explore how to optimise the impact of their research, and what kinds of evidence demonstrates that. End-user engagement will also be explored.

1. Welcome, Prof Craig Williams (UniSA, and HEAL SA Regional Hub Lead)
2. Plenary, Prof Rebecca Bentley (Univ. Melbourne and HEAL Victoria Regional Hub Lead)
3. Activity: Identifying your project outputs, stakeholders, impacts and evidence
4. Activity: Developing your 'Impact Infographic'

Plenary Speaker: Prof Rebecca Bentley, University of Melbourne  
'Research translation: Loading the policy impact dice'

Prof Rebecca Bentley (BSc (Hons) PhD) is a Social Epidemiologist based at the University of Melbourne, She is Director of the National Health and Medical Research Council (NHMRC) Centre for Research Excellence in Healthy Housing and lead of the Victorian Community of Practice of the NHMRC Healthy Environments and Lives Network
